Prepared By: Beats Production Private Limited

Event Date: August 20, 2026

Venue & City: IBM, Bangalore

Date of Submission: [Current Date]

Confidentiality Notice: This proposal contains proprietary design concepts and commercial terms intended solely for the recipient organization.

2. Executive Summary

At Beats Production Private Limited, we envision a Product Launch event that stands as a hallmark of innovation and excellence, specifically tailored to spotlight IBM's cutting-edge offerings. With a projected attendance of 500 distinguished guests, the event promises to serve as a seamless amalgam of celebration, recognition, and immersive brand storytelling. Through our advanced technological capabilities and artistic expertise, we aim to deliver a sophisticated evening that engages audiences on multiple levels, ultimately reinforcing IBM's industry leadership.

In collaboration with IBM, our goal is to elevate this corporate gala and awards ceremony into an unforgettable experience. The foresight of employing avant-garde technologies—such as autonomous Robot Event Assistants, state-of-the-art drones for aerial demonstrations, and AR/AI photo booths—will underscore IBM's commitment to innovation. The strategic partnership with WFH (We Fly High) Unmanned Systems & Robotics Studio amplifies this vision, ensuring the event integrates ground-breaking solutions that captivate and excite.

3. About Beats Production

Beats Production Private Limited is a premier 360-degree event management and technical production company known for consistently setting new benchmarks in the event industry. Our core values—Innovation, Excellence, and Seamless Execution—guide every project, ensuring that each event is not merely planned but meticulously crafted to perfection.

Our strategic technology partnership with WFH (We Fly High) Unmanned Systems & Robotics Studio places us at the forefront of event technologies. This alliance enables us to offer revolutionary solutions, such as drone product launches and AI-driven event assistants that transform traditional corporate events into mesmerizing experiences.

4. Understanding Client Requirements

- **Event Objective:**
- **Target Audience:** IBM employees, management, and esteemed guests
- **Expected Guests:** 500
- **Event Theme:**
- **Key Expectations:**
 - Immersive experience design
 - Flawless technical execution
