

SUBASH B

Java Developer | MCA Graduate

+91 9360215161 • subashbalraj45@gmail.com • linkedin.com/in/subash-b-4aa265352 • github.com/subash-b • Erode, Tamil Nadu

PROFESSIONAL OBJECTIVE

Motivated MCA graduate seeking a Java Developer role where I can apply my knowledge of Java, Spring Boot, REST APIs, MySQL, and software development principles. Completed an 8-month industry training in enterprise application development and eager to contribute to innovative software solutions while continuously enhancing my technical expertise.

TECHNICAL SKILLS

Programming Languages: Java, C
Database: MySQL, SQL
Tools & Platforms: Git, GitHub, Eclipse, VS Code, Postman
Backend Technologies: Spring Boot (Basics), REST APIs
Frontend: HTML5, CSS3, JavaScript, React.js
Core Concepts: OOP, CRUD Operations, Exception Handling

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026
KGISL Institute of Information Management, Coimbatore | CGPA: 7.6

Bachelor of Computer Science (BCA) 2021 – 2024
Sri Ramakrishna Mission Vidyalaya Arts and Science College, Coimbatore | CGPA: 6.6

Relevant Coursework:

Data Structures • Object-Oriented Programming • Database Management Systems • Operating Systems • Software Engineering • Computer Networks

INDUSTRY TRAINING

Software Developer Trainee 8 Months
Enterprise ERP Application Development

- Contributed to enterprise ERP application development and workflow customization for manufacturing processes.
- Developed interactive dashboards for production planning and tracking, improving operational visibility.
- Customized ERPNext modules based on business requirements to enhance workflow efficiency.
- Designed and executed optimized SQL queries for data retrieval, analysis, and report generation.
- Integrated frontend modules using JavaScript to improve user experience and system usability.
- Participated in debugging, testing, and performance optimization of existing application features.
- Collaborated closely with senior developers throughout the software development lifecycle.
- Contributed to real-world business application development, delivering scalable software solutions within deadlines.

PROJECTS

Employee Management System | Java • Spring Boot • REST APIs • Postman

- Built a basic Employee Management System using Java and Spring Boot.
- Created REST APIs to add, view, update, and delete employee records.
- Tested all APIs using Postman to verify correct responses.
- Applied basic exception handling to manage errors in the application.

ERP Application – Manufacturing Subcontracting | ERPNext • JavaScript • SQL • MySQL • Git

- Developed and customized ERPNext modules for manufacturing and subcontracting workflows.
- Designed and implemented dashboards for production planning and real-time process monitoring.
- Implemented 15+ optimized SQL queries for efficient data retrieval, analysis, and report generation.
- Generated 10+ accurate business reports and improved overall system performance by 20%.
- Enhanced UI features using JavaScript, improving user experience and workflow efficiency.

- Collaborated with senior developers during implementation and module testing phases.

E-Commerce Web Application | *React.js • Node.js • Express.js • MongoDB*

- Developed a fully responsive E-Commerce application with a modern, component-based frontend.
- Implemented user authentication, product browsing, shopping cart, and order tracking features.
- Designed and built an admin dashboard for managing products, inventory, and customer orders.
- Connected MongoDB database for secure data storage and fast retrieval of application data.
- Optimized UI responsiveness using React components, improving cross-device user experience.

CERTIFICATIONS

Java Programming Certification

Completed an intensive Java programming course covering: OOP • Collections Framework • Exception Handling • JDBC • Multithreading Basics

C Programming Certification

Completed foundational programming course covering: Functions • Arrays • Pointers • Structures • Control Structures

SOFT SKILLS

Problem Solving • Analytical Thinking • Team Collaboration • Communication Skills • Adaptability • Continuous Learning • Time Management

LANGUAGES KNOWN

English • Tamil • Kannada
